

# THE REVOLUTION HAS BEGUN

## V-GRIP™ RIPPED SCANDIUM ALUMINUM BATS

Mattingly's MB55Sc Scandium Alloy is the highest quality alloy available. The Ripped bat is the first and only bat to combine performance enhancing alloy **Technology** with performance enhancing **V-Grip™ Technique** into one dynamically engineered game bat (**TNT**)

Feature	Benefit
<b>V-Grip™ Technology</b>	Promotes proper hand alignment for increased bat speed.
<b>MB55SC Scandium Alloy</b>	Optimized ratio of Scandium to provide a stronger and more durable material
<b>Direct Power Transfer</b>	Stiff handle maximizes energy and returns it to the ball
<b>Locked N Loaded End Plug II</b>	Maximizes trampoline effect
